First up: the hottest places to sate that summer appetite.

Hottest for a Seafood Lunch Spot: Bostwick's Chowder House,

The 2K10 relocation of Bostwick's Chowder House (from the current Boathouse space on Three Mile Harbor) features a more moderately priced menu full of seafood dishes, raw bar options, and sandwiches. The restaurant has a quintessential laid back atmosphere with generous sized portions. Order a lobster roll or a crab cake sandwich and eat indoors, outdoors or out by the bar.
